Re: Notice of File Closure for Small Mining Activities, Atchee Ridge Mine, S/047/054, Uintah County, Utah

Dear Mr. Maxwell:

This letter is to notify you that file #S/047/054, for the Atchee Ridge project, located in Sections 7, 8 and 17, T12S, R25E, SLBM, Uintah County, Utah, will be retired from our files. The School and Institutional Trust Lands Administration (SITLA) has accepted the reclamation performed at the site and closed their file for this project. SITLA has released the bond they held for this project. The Division will subsequently close our file for this project.

If you wish to do any mining in the future, a new Notice of Intention will have to be submitted to the Division or to the appropriate land management agency prior to beginning any work on site. If you have any questions or concerns regarding this action, please notify us within 15 days. Thank you for completing the required reclamation on this project.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
